EMCEE PUBLISHING HOUSE

Meet the adventures.

Interactive STEM stories for ages 4–9

Stephen Holmes’s series follows Charlotte, Cameron and Sparx as they investigate challenges through observation, testing, patience and teamwork. Yellow discussion notes invite children to join the discovery.

For families, classrooms & bookstores

Book-specific teaching guides, printable student activities, classroom slides, virtual labs and character profiles accompany the stories. Softcover editions are $10.99 USD / $14.99 CAD each, with Amazon Canada and Ingram ordering options.
