Ready for a little discovery?

Fixing Sparx • Teacher preparation checklist

Gather your team tray

Printed handouts; pencils; four coloring tools; thick yarn or paper strips; paper ON/OFF card. No real electronics.

☐ Read the full teacher notes and activity boundaries.

☐ Print the two student pages; offer enlarged copies where helpful.

☐ Prepare a demonstration or example before the lesson.

☐ Choose drawing, oral-response or written options for your learners.

☐ Arrange clear workspaces and check age-appropriate materials.

☐ Plan a short discussion pause and a reflection moment.

Your activity

Check one connection at a time against the color, shape and number rule card.
